Creative Space

We invite you to review the items below to facilitate creative thinking on the specific topic presented.

11

Planning for and coordinating during long term closures...

- When we initially closed last spring, what needs were immediately brought to your attention? Have these been thoroughly resolved or is there room to grow?
- Consider stipends or pay for transportation staff to deliver meals to designated neighborhood drop off locations.
 - Have you recently evaluated your Learning Management System (LMS)? Are all your teachers utilizing the same platform for consistency across grades and schools?
- Have you reached 1:1 status yet with devices per student?
 - What is your plan for continuing services for students with disabilities? Are your families and staff familiar with your plan?
<https://www.doe.in.gov/specialed/covid-19-guidance-and-resources>
- Is internet accessibility an ongoing issue within your districts? What specifically are causing the accessibility issues? How can this funding support these areas?
 - Consider visiting our [Remote Learning Resources Page](#) for information on connectivity, special student groups, educator support, family resources, and a searchable database for vetted online programming.
